ABOUT ME

Recently finished WEB development courses at Vilnius Coding School. I am not afraid of challenges, I perform the assigned tasks carefully and thoroughly, and I am a fast learner. Looking for new career opportunities as a junior front-end developer.

COURSES

2021 09 20 - 2021 11 04

Vilnius Coding School

WEB DEVELOPMENT (FULL-STACK) COURSE (72H)

In the front-end part of the course I learned:
- How to create a website or the carcass of it using HTML
- How to style a website using CSS
- How to make a website more dynamic using JavaScript

In the back-end part of the course:
- Learned how to create content management systems using PHP
- Worked with databases using MySQL

Final project: https://github.com/ManvisD/VCSprojektas
